

STORAGE AND TRANSFER CONTAINER

A generous-sized deluxe nylon storage and transfer container is supplied with each **RES CON Retriever RT and RT AQ**. An Inspection Log is supplied in a clear vinyl pocket attached to the storage container for record maintenance. A simple drawstring closes both containers. Nylon webbing is affixed in a manner to facilitate multiple methods of carrying in the deluxe model to ensure ease of transport and deployment of **The RES CON Retriever RT, RAMRODS, and flotation system---the world's MOST COMPREHENSIVE rescue devise available.**
